

FOCUSED ON YOU

Clients and friends of the firm,

We hope that this e-mail finds each of you healthy and safe.

Events of the past several weeks have been among the most significant and turbulent in our nation's history. The widespread closures of non-essential businesses, coupled with the near-constant updates in legislative responses, have created an unprecedented operating environment for businesses and organizations. We recognize that the duration of this situation remains unknown, and thus preparation is most critical.

With that as a backdrop, we wanted to provide you with an update regarding Schneider Downs and our affiliates. Our firm has successfully mobilized our 500 employees in order to enable them to continue operating safely as they serve our clients and address their needs and concerns. As we continue forward during this health emergency, we're confident in our ability to assist you with your business needs.

Every day, we are interacting with our clients in meaningful ways which has served to deepen our relationships as we work together toward our common goals. As always, we remain committed to meeting your deadlines and providing quality audit, tax and advisory services.

We continue to process and move client returns through the system at an efficient rate. As a reminder, while the federal tax deadline has been extended until July 15, we encourage all of our clients to submit their tax information to us as quickly as possible so we can assess the best tax strategy for each individual.

We continue to be available to all clients using phone calls, or other mediums that may be more convenient for you. Any upcoming meetings that were previously scheduled as in-person sessions will now be held in an alternative fashion. We will contact you about identifying the meeting solution that best fits your needs. Additionally, each of our practice areas are carefully monitoring legislative changes and market conditions in order to help our clients make the best decisions for their future. The coming weeks will prove to be a dynamic period of rapid news cycles and change. Rest assured, our professionals will continue to provide you with updates and analysis as developments continue.

We will do so via our weekly *Our Thoughts On* newsletter, as well as immediate alerts which will be distributed as developments warrant. If you are unsure whether you are subscribed to receive this newsletter, [you may confirm here](#). We also will post all articles on our [resource page](#) on our web site.

All of us at Schneider Downs will remain available during normal business hours. We encourage you to communicate frequently with your engagement team, and let us know how we can help. We are grateful for our

relationship, and value the opportunity to work through these challenging times together.

Very truly yours,

Timothy J. Hammer
