

Sage ERP MAS 90

Small Business Edition

Sage ERP MAS 90 is the number-one midrange accounting software, and is recommended by more CPAs than any other accounting application. To meet the needs of smaller businesses and fuel their growth, we offer a special version of Sage ERP MAS 90 to suit their needs and budgets. Sage ERP MAS 90 Small Business Edition provides the same ease of use and intuitive workflow that has made the standard Sage ERP MAS 90 solution so popular with Sage customers and it provides conveniently bundled modules that make it easy and cost effective for small businesses to get started with an ERP system.

By investing in Sage ERP MAS 90 Small Business Edition, growth-minded companies will not only gain a powerful, stable accounting and financial, manufacturing and distribution solution, but they will also enjoy an easy expansion and migration path that makes good business sense. As your company grows, Sage ERP MAS 90 will grow with it. You can easily upgrade your system to standard Sage ERP MAS 90, or you might choose Sage ERP MAS 200, our powerful client/server edition. All versions of the software provide the same

look and feel, virtually eliminating the learning curve that is often present when changing software products. Your important Sage ERP MAS 90 Small Business Edition data, including all your historical detail, will also function seamlessly with the standard Sage ERP MAS 90 or Sage ERP MAS 200 systems.

BENEFITS

Low Cost of Entry

Since Sage ERP MAS 90 Small Business Edition is an exclusive entry-level version of standard Sage ERP MAS 90, it costs less, yet provides the capabilities most small businesses need.

Getting Started Is Simple

Included with Sage ERP MAS 90 Small Business Edition is a tutorial and recorded sessions on SageU.com that provide an overview of the navigation and setup for the essential modules. This significantly reduces the time it takes to get up and running.

Software Stability

With more than 75,000 customers, Sage ERP MAS 90 is proven software that sets the standard for stability.

ERP That Grows With You

Should the need for additional users, multiple locations, or SQL Server technology arise, the migration to standard Sage ERP MAS 90 or 200 will be easy and cost-effective, with your original software investment protected.

“With the help of Sage, we have taken our company to the next level with Sage ERP MAS 90.”
